

*Indian Journal of Mycology*  
*and*  
*Plant Pathology*

VOLUME 10, 1980

Consisting of X+198+CIV Pages

I may mention here, that this much amount was raised without an increase in membership/subscription fees, and without getting any financial support from supporting organisations like ICAR & UGC. Besides, majority of the finances of two symposia organised by the Society in past were also met from the society's own resources.

During the period volume 8 No. 1 & 2 and Volume 9 No. 1 & 2 were released whereas Volume 10, No. 1 is ready for despatch and expect that the publication of Volume 10 No. 2 would also be completed by the end of December, 1980, which will make the publication regular. We are continuing our efforts to see that the press speed up the work so that publication could be regular in future. The printing of journals continues to be with Mahaveer Printing Press, Udaipur. The number of copies printed earlier were 500 in 1978 which has now been raised to 550 because of increase in members/subscribers.

The General Body Meeting of the Society could not be held during 1979. We made our efforts but because of one or the other reason, it could not be held. This year Dr. A.S. Cheema, Vice-Chancellor, with the efforts of Dr. J.S. Chohan, President of the Society and other pathologists from PAU agreed to host the symposium and the Annual Meeting at PAU, Ludhiana. On behalf of the Society, I propose a hearty vote of thanks to him for extending help for making possible to hold this symposium and annual meeting of the Society.

During the period under report 3 Executive Council Meetings respectively on March 30, 1979, April 24, 1980 and November 10, 1980 were held. The meeting of Editorial Board was also held at Ludhiana on November 9, 1980.

In the end, I wish to place on record my gratefulness to late Dr. N. Prasad, Dr. R. Prasada for their guidance and advise in day to day functioning of the Society and for raising the status of society not only to national but also to an international level. I am equally grateful to our venerable President Dr. J.S. Chohan who has guided me skillfully in the affairs of Society,

I am also thankful to my colleagues at the Head Quarter especially to Dr. G.J. Khandelwal (Treasurer), Shri M.K. Bhatnagar (Managing Editor), Dr. B.P. Chakravarti, Dr. B.S. Yadav and the members of Executive and Editorial Board for their help and suggestions at all times. I am specially thankful to Dr. R.N. Singh, Vice-chancellor, University of Udaipur, Udaipur and Shri Salil Singhal, Managing Director, Pesticide India, Udaipur for their patronage and possible help rendered to run the Society efficiently. Finally, I extend my special thanks to the members and well wishers of the Society for their cooperation and active help at all the stages.

J. P. Jain  
Secretary

## TITLE INDEX

VOLUME 10, NUMBER 1, 1980

January-June

	Page
Fungicidal spray schedule for the control of brown and black rusts of wheat— B. M. Khanna, P. C. Verma and V.K. Singh	1
Infection of oat leaves by <i>Helminthosporium avenae</i> . I. Infection process— R.K. Arora, C.L. Mandahar and R. K. Pahwa	8
Effect of net blotch infection on the physiology of barley respiration— C.L. Mandahar and I.D. Garg	12
Effect of soil moisture on development of foot and root rot of wheat and on their soil microflora—P. Ramarao and Usha Raja.	17
Citric acid production by <i>Aspergilli</i> . II. Strain selection—K.S. Srivastava and Kamal.	23
The myxomycetes of Chandigarh—S.S. Sekhon	30
The myxomycetes of India—XXV—S. S. Sekhon and K.S. Thind	37
Rhizosphere fungi of <i>Cucumis sativus</i> as influenced by cucumber mosaic virus infection—R.B. Singh and B.R. Singh	43
Fungi associated with triticale seeds, their influence on emergence of seedlings and control—R. Shukla, R.K. Uttam, T.N. Shukla and S. C. Pandey	48
A survey of fungi from dry fruits and spices from India—Monica Basu	53
Effect of sodium flouride (NaF) on conidiation in <i>Aspergillus niger</i> —R.S. Kadlon and S.R. Vyas	57

## PHYTOPATHOLOGICAL NOTES

Fungal rots of unripe fruits of chillies and papaya commonly occurring in vegetable market of Agra—R.B. Sharma, A.N. Roy and B.P. Sinha	64
Damping-off of groundnut caused by two species of <i>Fusarium</i> — M. N. Reddy and A.S. Rao.	65
Effect of bacterial leaf streak on the quantitative and qualitative characters of Rice—D.V. Singh, A. K. Banerjee, Ram Kishun and A.B. Abidi	67
Root rot and damping-off of mango seedlings caused by <i>Rhizoctonia solani</i> — Om Prakash and U.N. Singh.	69
Resistance in <i>Pennisetum</i> cultivars against <i>Helminthosporium rostratum</i> —G. Singh, G.G. Choudhary and G.C. Bhatnagar	70
Reaction of pearl milles lines to <i>Pennisetum</i> strain of maize streak virus— G.G. Choudhary, G. Singh and G.C. Bhatnagar.	71

- A new fungal disease of *Phlox drummondii* in India—R.S. Kanaujia and Raj Kishore ... ..
- Search for source of resistance to bacterial leaf spot and blight of castor in Uttar Pradesh—Ram Kishun, A.K. Banerjee and D.V. Singh ... ..
- Effect of trace elements on the growth and sporulation of *Gloeosporium mangiferae*—Mira Madan ... ..
- Haplosporella passifloridis* n. sp. from Maharashtra—Alka Pande ... ..
- Combined effect of lentil seed mycoflora on amino-acid contents of its seeds—Karuna Vishunavat and P. Shukla ... ..
- Control of bacterial blight of rice caused by *Xanthomonas oryzae*—H.L. Chauhan and M.U. Vaishnav. ... ..
- A new record of *Pestalotia cruenta* on a Pteridophyte—K. M. Ponnappa and P. C. Hiremath. ... ..
- Studies on storage diseases of fruits and vegetables. V. Some new storage diseases of potato—K.K. Khanna and S. Chandra... ..
- Studies on nutritional requirements of *Penicillium atramentosum*—M. K. Goyal
- Reaction of triticales varieties to ear-cockle disease (*Anguina tritici*)—B.M.Khanna, V.K. Singh and P.C. Verma ... ..
- Efficacy of systemic and non-systemic fungicides on the control of downy mildew of muskmelon—J.G. Patel. and A.J. Patel ... ..
- Effect of certain pesticides on soil microflora—R.K. Jain and S.P. Sehgal ... ..
- Some investigations on the control of ear cockle/tundu disease of wheat—R.K. Jain and S.P. Sehgal ... ..
- Cell wall degrading enzyme complex in diseased fruits of apple infected with *Clathridium corticola*—T.S. Thind, S.B. Saksena and S.C.Agrawal
- Evaluation of linseed germplasm for resistance to *Oidium lini* causing powdery mildew—S.C. Gupta and J P. Jain ... ..
- Control of primary infection of safflower (*Puccinia carthami*) by seed dressers—J. M. Agrawat, A.K. Sobti and H.P. Chhipa
- Studies on Ramularia leaf spot of cotton in the Punjab—B.L.Chopra, J.R. Sharma and T.H. Singh ... ..
- A note on two post harvest diseases of vegetables for Rajasthan—J.M. Agrawat, H.P. Chhipa and A.K. Sobti ... ..
- Cabbage—A new host record to *Rhizoctonia solani*—K. M. Pannappa and P.C. Hiremath ... ..
- A new leaf blight of french basil caused by *Colletotrichum capsici* in India—M.Alam, K.K. Janardhanan, H.N. Singh and Akhtar Husain
- Fungicidal control of Sunflower wilt—N. M. Ganacharya, B. N. Ghodajkar and V.T. Jadhav ... ..
- Seed-mycoflora of *Costus speciosus*—S. Kumar, A. Sattar, K.P. Singh and A.Husain
- A new leaf spot disease of *Crotolaria juncea* in India - S. Kumar, K.P. Singh and A. Husain ... ..

Damping-off of fenugreek caused by <i>Rhizoctonia solani</i> in India—J.H. Gupta ...	103
Plant parasitic fungi of Gorakhpur—XXIII—S. Singh, Kamal and K.S. Srivastava	104
<i>Solanum khasianum</i> —A new host of <i>Sclerotium rolfsii</i> —G. R. Yadav ...	105
Fungi associated with conifer ( <i>Pinus roxburghii</i> ) seeds—A.D. Sharma ...	106
Variations exhibited by the conidia of <i>Venturia inaequalis</i> attacking different varieties of apple in Kashmir—B.L. Puttoo, A K. Koul and A.K. Tikku ...	108
Seed-borne fungi of some barley varieties—R.K. Goel and K.S. Aulakh ...	110
Occurrence of tobacco mosaic virus on passion flower ( <i>Passiflora caerulea</i> ) V.R. Mali and N.T. Yyanjane .. .. .	112
Chemical inhibition of <i>Helminthosporium sativum</i> —A.Singh and S.K. Virk ...	115
Studies on Curvularia leaf blight of <i>Costus speciosus</i> —R.N. Thakur, V.R. Pandotra and K.S.M. Sastry ... .. .	117
Effect of various carbon and nitrogen sources on growth and sporulation of <i>Absidia corymbifera</i> —Satwinder Singh and Harnek Singh Garcha ... .. .	119
Storage mycoflora of <i>Vigna radiata</i> var. <i>radiata</i> and <i>Vigna mungo</i> in relation to pre-emergence and post-emergence mortalities—R.M. Saxena and S. Sinha ...	120
Effect of carbon, nitrogen source and temperature on the growth of <i>Cladosporium cladosporoides</i> —T.B. Anil Kumar and M.N.L. Sastry ... .. .	122
Physiological and nutritional studies on <i>Phaeophleospora indica</i> causing leaf spot disease of Sapota—M. Chandrashekar, H.S. Sohi and H. C. Govindu ...	124
Studies on gram blight caused by <i>Ascochyta rabiei</i> . I.Trace element nutrition of the pathogen—K.C. Sati and J.S. Grewal ... .. .	126
Effect of different carbon and nitrogen sources on growth of <i>Helminthosporium sativum</i> —S. K. Virk and A. Singh ... .. .	128
Additions to the rust fungi of India— S. N. Sachan, M. R. Sharma and Ratna Chatterjee. ... .. .	130

## No 2, JULY–DECEMBER

Inaugural Address—Dr.A.S. Cheema ... .. .	I
Plant disease problems under diversification of crop production in India (Presidential address)—Dr. J. S. Chohan ... .. .	III
Some Biochemical changes in teak leaves infected with powdery mildew fungus—A.N. Thite, P. D. Chavan and B.A. Karadge. ... .. .	131
Inheritance of resistance in linseed to rust caused by <i>Melampsora lini</i> —G.S. Saharan and B. M. Singh ... .. .	136
Investigations on bacterial leaf spot disease of urd bean ( <i>Phaseolus mungo</i> ) —S.S. Kore and S.P. Shirshikar ... .. .	142
Lysis of <i>Fusarium oxysporum</i> f. <i>udum</i> caused by soil amended with organic matter—Narendra Singh and R.S. Singh. ... .. .	146

- Trace element and vitamin requirement of *Leptosphaerulina trifolii*—S. S. Chahal and G.S. Rawla ... 1
- On the identity of a sap transmissible virus of papaya in marathwada—S. I. Yemewar and V.R. Mali ... 1
- Seed mycoflora of chicory, its significance and control—A.D. Sharma. ... 1
- Plant parasitic fungi of Gorakhpur—I— S. Singh ... 1
- PHYTOPATHOLOGICAL NOTES**
- Two new leaf spot diseases from India— R.C. Srivastava and H.C. Srivastava. ... 1
- Efficacy of fungicides in relation to time of application against Powdery Mildew of apple—S.K. Sharma and V.K. Gupta. ... 1
- Fungicidal control of red rust of mango—Om Prakash and U.N. Singh. ... 1
- A new smut fungus on Japanese barnyard millet—Ashok Krishna and R.A. Singh. ... 1
- Occurrence of the potato virus M in Simla hills ... 1
- Susceptibility of certain brinjal varieties to the root-knot nematode *Meloidogyne incognita*—R.P. Nandwana, B.S. Yadav, M.K. Varma and Arjun Lal. ... 1
- Effect of different carbon and nitrogen sources on the growth of *Cercospora cruenta*—R.P. Gupta and D. V. Singh ... 1
- Chemical control of Phoma blight in mango—Om Prakash. ... 1
- Prevalence of Pyricularia leaf spot of Bajra in the State of Rajasthan—R. K. S. Yadav and J.P. Agnihotri ... 1
- Losses to Bajra (*Pennisetum typhoides*) by Pyricularia leaf spot— R. K. S. Yadav and J.P. Agnihotri. ... 1
- The extent of host-specialisation in *Pyricularia oryzae*—J. Veeraraghavan ... 1
- Occurrence of powdery mildew of bittergourd and its chemical control in Rajasthan—R.B.L. Gupta and Asha Singhvi. ... 1
- Note on the susceptibility of certain oleiferous brassicae to downy mildew and white blister diseases—S.J. Kolte and A. N. Tewari ... 1
- Amino acid changes in mung foliage infested with *Drechslera halodes*—Kusum Dwivedi and P. Shukla. ... 1
- Inhibition of *Colletotrichum graminicolum* spore germination by leaf diffusates and extracts from sorghum—Ashok Mishra and Babu Singh Siradhana. ... 1
- Solanum* species and potato hybrids as sources of resistance to important viral and mycoplasmal pathogens—Vijai Singh and M.N. Singh. ... 1
- Resistance of Bajra to Pyricularia leaf spot—R. K. S. Yadav, J. P. Agnihotri and R. Prasada ... 1
- Abstract of papers-Symposium on Plant Disease Problems under Diversification of Crop Production in India. ... 1
- Symposium on Plant Disease Problems—A brief report. ... LXX
- Report of the Society for the years 1978-1980 (Oct. 1, 1978 to Nov. 11, 1980). ... x
- Index (Volume 10) ... 1
- Income and expenditure statement and balance sheet for 1978 & 1979. ... 1
